Queen City Tower Tour

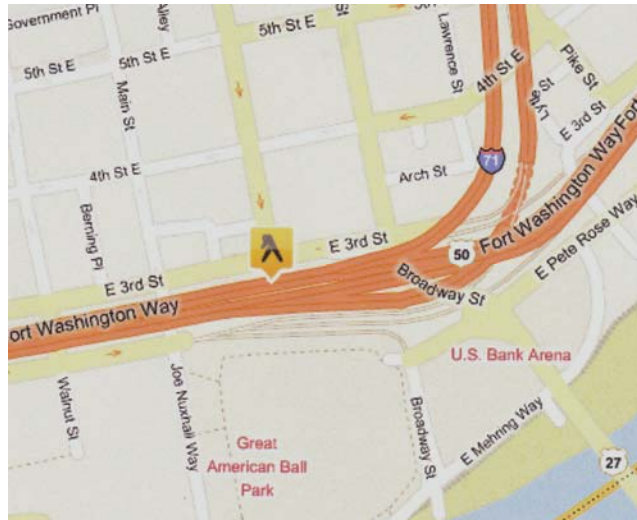

American Concrete Institute
Greater Miami Valley Chapter

Visit our web-
site www.acigmvc.com

In conjunction with Turner Construction and Baker Concrete Construction, the ACI general meeting for September will be a site tour of the Queen City Tower project. Be sure and attend this informative viewing of a signature project in downtown Cincinnati. Bring your own hard hat and construction boots. They are necessary in order to participate in the tour.

We will be meeting in front of the In Between Tavern on Sycamore street. Parking is on your own. The intent is to have the tour and then go to Tina's 350 W Fourth Street for food. Tina's is walking distance from the tour site.

Mission Statement: Through comradeship we will provide information and promote technology, design, and construction in the concrete industry.

Our Vision: To help create the highest quality of concrete construction in a flourishing industry

May General Meeting	5-5-2010	Concrete Specific LEED
June General Meeting	6-9-2010	Annual Golf Outing

Because of concrete's light color, concrete reflects from 33 to 50 percent more light than asphalt. **By using more heat-reflecting concrete instead of asphalt, Atlanta officials lowered their average city temperature by six degrees!
