CRSI Concrete Roundtable Discussion

American Concrete Institute
Greater Miami Valley Chapter

Visit our web-
site www.acigmvc.com

The Concrete Reinforcing Steel Institute will moderate a "Concrete Roundtable Discussion" bringing together the professional perspective of the Structural Engineer, Detailer, Fabricator, and Erector. Each roundtable panel member will make a brief introductory presentation to review the pertinent issues, as they see them, to enhance the overall process of reinforced concrete design and construction. At the conclusion of the introductory presentations, an open discussion between the roundtable members and the general audience will enable an in-depth discussion of both the previously presented issues and additional question from the audience. This session is designed to be interactive, audience participation is strongly encouraged. Questions can also be submitted in advance to tjohnson@crsi.org and will be presented anonymously if requested.

Members of the panel will represent all facets of the industry:

Fabricator	Bill Luken	CMC
Detailer	Tyler L. Inderwell	CMA Supply
Engineer	Greg Wagner	THP Limited Inc.
Contractor	Ron Mitchell	Titan Reinforcing
Moderator	Tony Johnson	CRSI

Don't forget about our upcoming 2011 National ACI Fall Convention, right here in Cincinnati. Additional details will follow.

**Bridging the
Gap Between
Theory and Practice**
with the Greater Miami Valley Chapter

Mission Statement: Through comradeship we will provide information and promote technology, design, and construction in the concrete industry.

Our Vision: To help create the highest quality of concrete construction in a flourishing industry
