**1:00 pm - 5:00 pm**

The

## Build Green Workshops

Presented by

The AIA Cincinnati Committee on the Environment  
And the Ohio/Kentucky Chapter of  
The International Interior Design Association

**1:00 pm - 2:00 pm**

### Beyond Energy Efficiency - Net Zero Energy Buildings

Steve Melink, Melink Corporation

Discuss designing buildings with zero net energy consumption and zero carbon emissions annually as well as producing renewable energy on-site. (1 CEU credit available)

**2:15 pm - 3:30 pm**

### Forest Stewardship Council (FSC) Certification:

#### A Consultants Perspective

Stephen Grado, Dept. of Forestry,

College of Forest Resources, Mississippi State

What does it really mean when you use FSC certified wood products? Learn what goes into certifying a forest and the importance of forest management and chain-of custody.

(1 CEU credit available)

**3:45 pm - 5:00 pm**

### Environmental Protection Declaration (EPD):

#### Assessing the True Impact of 'Green' Products

Deborah Dunning, President & CEO of 'The Green Standard'

Learn about EPD's, the next generation of third party certification based on product life cycle assessment that standardizes the format for communication to aid architects in making better environmental choices for the building. Like nutrition labels on food, EPD shows things like raw material extraction, energy use, air, soil and water emissions and water use and waste generation.

(1 CEU credit available)

**Cost: \$35 for all workshops combined**

**Student attendance is free. Space is limited so RSVP early**

**Register for the Build Green Workshops online at**

**[www.aiacincinnati.org](http://www.aiacincinnati.org)**

**Deadline for Registration is March 5, 2010**

The Build Green Workshops are sponsored by  
InterfaceFLOR and Armstrong Building Products
