INVITATION

WHAT: "CONCRETE TECHNOLOGY 101"

**WHERE: CITY OF FAIRBORN, FIRE TRAINING & CONFERENCE ROOM
44 W. HEBBLE AVE., FAIRBORN, OHIO 45324
Phone (937) 754-3055**

WHEN: 3-SESSION SERIES – JUNE 3rd, 10th & 17th

Jim Sawyer, P.E., Fairborn City Engineer, would like to invite you to an informative 3-session series entitled "CONCRETE TECHNOLOGY 101", that will take place from 10:30-12:30, on June 3rd, June 10th and June 17th. Lunch is included with the \$30.00 per session cost. Attend all three for only \$75.00, for a savings of \$15.00. Plus, you can receive 6 PDH credits for engineers.

Recent changes in concrete technologies have resulted in concrete that is stronger, more durable and more cost effective than ever before. The City of Fairborn would like for you and your staff members to join them in this opportunity to learn more a product that we all use every day.

Bob Banka is President of Concrete Management Solutions, an international consulting firm located in Medina, Ohio. Bob is a 30-year veteran of the concrete industry as a ready-mix producer, a concrete contractor and concrete promoter and has valuable experience to share. He has developed the very successful and very affordable "CONCRETE TECHNOLOGY 101" series and presented it to over 300 specifiers and municipalities throughout northeast Ohio.

Session No. 1 (June 3rd) will start with a history of cement, take you on a virtual tour of a cement plant, discuss the five main types of cement, as well as supplementary cementitious materials, such as fly ash and slag.

Session No. 2 (June 10th) will cover aggregate gradations, water-cement ratio, admixtures and why to use them, air entrainment, normal/mid/high range water reducers, self-compacting concrete and concrete fibers (structural and non-structural).

Session No. 3 (June 17th) will cover proper finishing, curing and sealing of concrete, decorative concrete and last, but not least, how to write a better spec.

After completion of the three part series, CSM will provide each attendee with the entire PowerPoint™ session, including all videos shown, on CD.

Seating is limited to 30 people for each session and will be given on a first registered – first served basis. So register now.

You may contact Jim Sawyer at (937) 754-3055 for registration for any or all of the sessions. You may also fax your Registration Form (below) to (937) 879-7395. Or, you may email it to engineering@ci.fairborn.oh.us Don't delay.
