

TRENDS OF THE ELECTRICAL ENERGY INDUSTRY

HEATHERWOODE GOLF CLUB
WWW.HEATHERHWOODEGC.COM
88 HEATHERWOODE BOULEVARDE, SPRINGBORO, OH 45066

The CRSI Great Lakes Region is pleased to invite you to attend the “Trends of the Electrical Energy Industry” seminar. Our presenter, Mr. Douglas Gipson will draw on his extensive industry experience to provide valuable insight into the current and future trends of the energy industry. Reviewing the unique threats and opportunities of electrical generation systems, the presentation will highlight the key energy markets forecasted for future growth. Mr. Gipson will also address forecasted electrical demand and provide a review of the implications of a national energy policy on the construction of new electrical generation plants and associated transmission systems.

Registration deadline is Friday June 4th, 2010.

\$40/person

Registration includes Breakfast,
Presentation and Lunch

Please visit the CRSI website at www.crsi.org or contact Tony Johnson at:
phone: (248) 726-0500 • fax: (248) 726-7000 • email: tjohnson@crsi.org

Payment can be made on-line during the registration process or by mail to:
CRSI Great Lakes Region

3128 Walton Boulevard, Suite 302, Rochester Hills, MI 48309

If paying by check, please make check payable to CRSI Great Lakes Region.

Following lunch, the CRSI Great Lakes Region will hold their annual golf outing. You are encouraged to stay for the day and participate in the golf outing. The golf outing will support CRSI's local student outreach activities for the distribution of CRSI Publications to students of Architecture, Engineering and Construction Management throughout the Great Lakes Region. The full day, including breakfast, seminar, lunch and golf is \$125.00 per golfer. You are welcome to put together your own foursome, or you will be assigned to a foursome.

TUESDAY, JUNE 15th, 2010

Schedule: 8:30 am Continental Breakfast
9:00 am Welcome briefing
(Tony Johnson)
9:15 am Presentation
(Mr. Douglas Gipson)
11:00 am Lunch on patio

Speaker: Mr. Douglas R. Gipson,
Energy Industry Consultant

Bio: Mr. Gipson recently retired from Detroit Edison where he held the position of Executive Vice President, Power Generation and Chief Nuclear Officer. In this role, Mr. Gipson was responsible for all power generation, both nuclear and fossil derived. Mr. Gipson combines a thorough understanding of nuclear technology and processes with a combined total of forty one years of experience in the nuclear power industry.

Presentation: Mr. Gipson will draw on his extensive industry experience to provide valuable insight into the current and future trends of the energy industry. Reviewing the unique threats and opportunities of electrical generation systems, the presentation will highlight the key energy markets forecasted for future growth. Mr. Gipson will also address forecasted electrical demand and provide a review of the implications of a national energy policy on the construction of new electrical generation plants and associated transmission systems.

Golf: Heatherwoode Golf Club is a beautiful 18-hole championship layout nestled in the small, close community of Springboro, Ohio. Heatherwoode is the former host of the Nike Tour's Miami Valley Open and has been selected as one of the top manicured public courses in southern Ohio numerous times. Playing to 6,730 yards, the course is a challenging, yet enjoyable playing experience for all golfers.
