Re: Pervious Concrete Certification Seminar

KRMCA has arranged a Special Training Event for those potentially interested in Pervious Concrete Pavement Construction. It is also a NRMCA Certification Program.

Dale Fisher, a prominent Atlanta Pervious Contractor will conduct the training. It will be a day long program with a written exam at the end of the class.

A workbook will be provided each attendee that covers the material taught

This is an exceptional opportunity. Contractors please sign up. Also ready mix company representatives should enroll as well and consider sponsoring a contractor.

We will have to close registration at 45 people. The event will be conducted at the KRMCA office in Frankfort beginning at 9:00 a.m. October 25th, 2005. Lunch will be provided.

Use the enclosed form to enroll.
