

Overview

The Kentucky Concrete Pavement Association (KCPA) is an affiliate of the American Concrete Pavement Association, which is an organization focused on representing concrete pavement contractors, cement companies, equipment and material manufacturers, and suppliers. We are organized to address common needs, solve common problems, and accomplish common goals related to research, market development, design, construction, and the best use of concrete pavements in the state of Kentucky. We assist you in issues related to business and market development, technical standards, and product performance. The industry's full range of services is available to you through KCPA.

The Kentucky Concrete Pavement Association maintains relationships with federal, state, and local governments, as well as allied organizations. The KCPA is actively involved in the political process; your membership provides you with a proactive approach for dealing with state and local legislative issues important to the concrete paving industry.
